## **The Power of Words:** 12th Annual Habla Virtual Teacher Institute

Habla connects people across communities building a world of understanding in which culture is not a barrier, but rather a possibility.

## The Habla Institute is a space for reimagining possibilities in education and constructing cultural bridges in the classroom.

This institute will seek to bring the power back to words in in-person and online educational settings.

Over the next five days you will participate in several hands-on workshops, gaining new approaches for arts-integration, literacy, and language teaching.

We hope you leave inspired to enter the new school year, prepared to bring the power of words to your classrooms.
